

THE REGGIE WHITE

SLEEP DISORDERS RESEARCH
& EDUCATION FOUNDATION, INC.

Saving lives through better sleep

Thank you so much for your donation of one continuous positive airway pressure (CPAP) machine and related supplies to our foundation. Your thoughtful gift will be put to good use.

The Reggie White Research & Education Foundation is classified by the Internal Revenue Service as a 501 (c) (3) non-profit organization. As a “gift in kind,” the IRS permits you to determine the value of your donation for tax deduction purposes. Please note that you did not receive any goods or services in return for your donation.

Mrs. Sara White and the Sleep Wellness Institute in West Allis co-founded this organization following the very untimely death of her husband, Reggie White, due to complications of sleep apnea, a disorder that affects more than 18 million Americans. Sara and the White family chose this foundation as the way to spread educational information about sleep apnea to people of all backgrounds, and to provide diagnosis and treatment to people in Southern Wisconsin whose socio-economic status would otherwise prevent them for accessing the healthcare services they need. We now provide services to people in other parts of the country, as well.

The Foundation and the White family send you gratitude and best wishes.

Very truly yours,

Ron Baake
Executive Director
Reggie White Sleep Disorders Research and Education Foundation
